Evidence of a Print Community

# PULLED

## Evidence of a Print Community

PULLED curates the curators of Baltimore's top print studios, presses, and galleries. Participants were asked to not only include instances of their own endeavours, but also to invite printmakers and artists who inspire their studio, are represented by their gallery, or who have helped forge or expand their understanding of community.

PULLED is curated by Marian April Glebes

### Participating Sub-Curators:

Goya Contemporary/Goya-Girl Press  
Typecast Press
